Easy Dry V2

Atlante Evo 500

Description

Here is the new Saeco Evo line. As a result of the collaboration with the designer Giuliano Galeazzi, this successful line of hot machines has a completely new design, with aluminium inlays, modern and emotional graphics and a new colour display.

Atlante Evo, the most performing freestanding hot machine in the category, evolves and renews its look; its performance is enhanced thanks to the innovative Gran Gusto technology (in the 7 gr Espresso version), that brews a true Italian espresso with only 6 gr of ground coffee. The LED lighting system helps reduce power consumption.

Thanks to its large capacity (up to 550 cups), wide range of beverages (up to 39 different products) and the considerable time-saving in maintenance operations, due to the Saeco Rotating Plate system, Atlante Evo 500 is perfect for medium-sized supply requirements.

This vending machine is the perfect choice for a coffee corner in any venue, whether in the stand-alone version or in combination with the Aliseo Evo freestanding snack&food machine. With the appropriate kit, this machine can be turned into a Master machine, in conjunction with the Aliseo Evo Slave. Available in the Espresso with double grinder, Espresso with single grinder and Instant versions. Atlante Evo 500: Heart of Coffee.

Accessories

- Independent water tank kit
- Mixer kit for tea replacement with soluble mixer
- Hot water solenoid valve kit
- Memory key to copy and quickly transfer machine settings
- USB key kit
- Eva-Dts kit
- Atlante Evo Master transformation kit

Main features

- Machine in energy class A (EVA - EMP 3.0)
- Brewing unit with Gran Gusto System + Gran Gusto 6 grams kit (7 gr Espresso version)
- Gran Gusto hydraulics
- New silk-printed images for the upper and lower panels
- LED lighting system
- Generous container capacity
- Easy cleaning and maintenance thanks to the new Saeco Rotating Plate system
- Easily customisable backlit front panels
- User-friendly interface with colour graphic LCD display and easy-to-read and illuminated mechanical buttons
- Versatile dispensing area allowing cups with sizes up to 20 oz
- Possibility to install 3 payment systems on the door at the same time (Saeco 3 Way Pay)
- Accepts the most commonly used parallel and serial MDB, BDV and Executive (possible Master and Slave configurations) payment systems
- New powder dispensing system Saeco Easy Dry V2
- The machine is designed for easy use even by persons with disabilities

User interface

- Direct access 15-button keypad for beverage selection
- 2 preselection keys: +/-sugar and 2 settable keys (decaffeinated/barley, no-cup and only-cup options)
- Colour graphic LCD display

Technical specifications

- Pre-galvanized and painted steel-sheet body
- Containers and tanks in food-contact approved resin
- Saeco Rotating Plate system
- Rielda lock
- Refill signal for water, coffee and cups
- Adjustable stirrer dispenser
- Electronically controlled boiler temperature
- Exhauster to absorb internal moisture and additional steam exhauster for the dispensing area
- Illuminated keypad, logo and promotional images
- Removable cup-releasing device for easy cleaning and checking
- 60 W electromagnetic vibration pump
- Anti-overflow air-break device
- Simplified error reset
- Built-in utility outlet
- Boiler safety valve
- General safety relay for 24 V components
- Thermal cut-outs on all devices supplied with line voltage
- Safety thermostat for boiler
- Energy class A (EVA - EMP 3.0)
- CE and VDE approved
